

## IR BRONZE SAT

The InRoom Bronze Sat is the perfect choice where there is little room for speakers, and only a satellite speaker will do. It features a small footprint, big sound, and can be used on a shelf, in a cabinet, or on a stand. And, the InRoom Bronze Sat is available in an unlimited array of real wood veneer and custom paint finishes.

The InRoom Bronze Sat uses a new tweeter; a 1" soft dome; and a new 5.25" woofer was designed to provide surprising bass response for desired fullness at background listening levels. Performance can be further augmented by adding one of many Triad Subs. In an intimate setting where full range sound is desired and small size is mandated, the InRoom Bronze Sat is the right choice.

Tag: InRoom

### Features

Compact Design.  
Cloth grill.

### Enclosure

Fully engineered, Premium MDF enclosure.  
Acoustic Suspension.  
2-way design.

### Finishes

Triad's Basic, Real Wood Veneer & Custom Finishes are available for this product. The standard finish for this product is Black paint. For any other colors, please refer to Triad's Custom Match Finish program for this product. The paint we use is a top quality enamel and is applied with a light pebble finish. The veneer finishes are made from real wood and coated with an enamel clear coat.

Since all computer monitors and their colors vary, the digital color you see here will be different from the actual product finish.
