

IC BRONZE/8 LCR

The InCeiling Bronze/8 LCR is the perfect solution in applications where front speakers must mount in the ceiling, a modest price is a consideration, but performance has to be formidable. A unique recessed angled baffle directs sound at the listener through a handsome flush AcoustiPerf grill that can be custom paint matched at Triad to match your ceiling and blend with your environment.

Although it's priced like more ordinary home theater speakers, the InCeiling Bronze/8 LCR is still built one at a time in America and features premium drivers and an enclosure that is sealed and solid as a bank vault. Unlike all open-back ceiling speakers, none of the sound is transmitted to rooms above. When mated to Triad Bronze Surrounds and any one of four versions of the Bronze Sub, the InCeiling Bronze/8 LCR is the heart of a superb home theater speaker system at a reasonable cost.

Category: Home Cinema

Tag: InCeiling

Features

Triad AcoustiPerf metal grill available in three designs.

Enclosure

Fully engineered, Premium MDF enclosure.
Acoustic Suspension.
2-way design.

Finishes

Triad's Basic & Custom Finishes are available for this product. The standard finish for this product is White paint. For any other colors, please refer to Triad's Custom Match Finish program for this product. The paint we use is a top quality enamel and is applied with a light pebble finish.

Since all computer monitors and their colors vary, the digital color you see here will be different from the actual product finish.
